Arup is an independent multi-disciplinary firm with over 1400 mixed specialisms ranging from scientists and engineers to technical consultants; who overcome highly complex challenges in the built and natural environment. Engineering Awareness Week aims to provide students with an insight into the engineering world. This one week intensive work experience will include a range of practical activities and will take place at Arup’s Manchester office. If you would like to be considered for one of a small number of Engineering Awareness Week places, please fill in your details, answer the questions and then pass this sheet to your teacher.

Please type your responses or complete this form in block capitals. Your application must not exceed two sides of A4.
